According to their contract the officials o.a. only claim certain salarius in dollars, and no more. But these contracts have turned out to be a mistake, and no more fair to both sides, and consequently other arrangements are made and the

At to-day's meeting of the Imperial Legisla: tive Council the Cotton Duties bill and the Bill amending the Tariff Act were referred to Select Committees consisting of Mr. Westland, Sir Alexander Miller, Messre, Pritchard, Fazubbai Vishram, Gangadhar Rao, Madhaya Chitnavis, Clogatous and Playfair with instructions to rep rt at next meeting of Council CALCUITA, 20th December.

At the meeting of the Viceregal Legislative Connoil to day, the Hop. Mr. Westland moved that the Bill to amend the Indian Tariff Act be referred to a Select Committee. There was a short debate confined principally to the nonofficial members.

Sir Griffith Evans, while deprecating the propesal to impose an excise on Indian manufactures. Th. held that as the Secretary of State had given pledges in Parliament to the English manufacturers that there should be no import duty which they considered to be protective, the only | s. result of rejecting the Bill would be veto on the part of the home authorities. The financial necessity of India was, he added, imperative and Tu. the wisest course would be to impose the import w duty and submit to an excise.

With which is incorporated THE UMINA DIRECTORY. This is the THURTE-THIRD ANNUAL ISSUE. and will be found, as usual, to show an advance on preceding years both in fulness and accuracy of information.

The DIRECTORY covers the whole of the ports and cities of the Far East, from Penang to Vladivostock, in which Europeans reside. Not only is the Directory as full and complete in each case as it can be made, but each Colony, Port, or Settlement is prefaced by a DESCRIP-TION, carefully revised each year, wost of which will serve as accurate Guides for the Tourist, giving every detail in connection with the places, pe ted by on or about Saturday, the 12th inst. The Information afforded in these Descriptions slone would callico to fill an ordinary volume
